Reference: USA v. Assange - Julian Paul Assange No. 1:18-cr-111

Dear Judge Hilton,

I respectfully request this message to the Department of Justice today be added to my requests to be added as co-defendant to the prosecution of Julian Paul Assange under the Espionage Act. See Filings 49 and 53.

I request that the prosecution of Julian Assange be terminated along with his pending extradition from the United Kingdom so that he is released from related incarceration.

The purpose of the submission is to declare that Cryptome is closing after 27 years until Julian Assange is granted freedom from incarceration in the United Kingdom and to not be extradited to the United States.

Included on the page are copies of two email messages which indicate I served as the first registrant for WikiLeaks.org in October 2006 as requested by Julian Assange.

I have made the same request to the US Department of Justice on August 25, 2023 as indicated by the attached document.

Sincerely,

John Young

This is a supplement to my message to the Department of Justice on November 29, 2022 in which I requested to be added as co-defendant to Julian Assange. Reference case docket numbers 49 and 53.

Attached is a copy of the main page of Cryptome.org dated August 20, 2023 which is being submitted to the Department of Justice and Senior Judge Claude M. Hilton to show that Cryptome is being closed until Julian Assange is freed.

The purpose of the submission is to declare that Cryptome is closing after 27 years until Julian Assange is granted freedom from incarceration in the United Kingdom and to not be extradited to the United States.

Included on the page are copies of two email messages which indicate I served as the first registrant for WikiLeaks.org in October 2006 as requested by Julian Assange.

This message will be copied to Judge Hilton.

Dear John,

You knew me under another name from cypherpunk days. I am involved in a project that you may have feeling for. I will not mention its name yet incase you feel yu are not able to be involved.

The project is a mass document leaking project that requires someone with backbone to hold the .org domain registration. We would like that person to be someone who is not privy to the location of the master servers which are otherwise obscured by technical means.

We expect the domain to come under the usual political and legal pressure. The policy for .org requires that registrants details not be false or misleading. It would be an easy play to cancel the domain unless someone were willing to stand up and claim to be the registrant. This person does not need to claim any other knowledge or involvement.

Will you be that person?

Dear J,

The difficulties that confront a conspirator are infinite.

many have been the conspiracies, but few have been successful; because he who conspires can not act alone, nor can he take a companion except from those whom he believes malcontent, and as soon as you have opened your mind to a malcontent you have given him the material with which to content himself. --Macchiavelli
